

SECTION 5: ROCKLIN STREETSCAPE FURNITURE PALETTE COST ESTIMATES

The Rocklin Streetscape Furniture Palette is provided in Figure 2. Cost estimates for the items identified in the Streetscape Furniture palette are provided below.

SCORED/STAMPED CONCRETE OR CONCRETE PAVERS

Description: 2' wide strips of stamped concrete or concrete pavers to be placed between street trees and streetlights.

Cost: Approximately \$9 per square foot

GRANITE BOLLARDS

Description: Reused or custom-made granite bollards to be used in plazas, pedestrian paseos, and along some streets.

Cost: Custom or reuse of existing granite bollards (No Cost Estimate)

LIGHTED GRANITE STYLE BOLLARDS

Description: Lighted bollard manufactured by Quick Crete (QS-1LB Style with Exposed Aggregate Finish) to be used in plazas, pedestrian paseos, and along some streets.

Cost: Approximately \$1,200 each

STREETLIGHTS

Description: Pedestrian scaled streetlights manufactured by Architectural Area Lighting (Universe Collection UCM LUM STR or similar: optics and pole not specific). Single lights to be used along sidewalks at 60-foot intervals and double lights to be used along the Rocklin Road Median.

Cost: Single: approximately \$2,800 and double: approximately \$3,600

TREE DEEP ROOT BARRIER SYSTEM

Description: System to prevent tree roots from damaging sidewalks and roadways.

Cost: Approximately \$200 per tree

TREES

Description: 24" box specimen trees to be used along sidewalks, medians, and landscaped bulb-outs. Species include Chinese hackberry and scarlet oak.

Cost: Approximately \$250 each

TREE GRATE

Description: 4' Fan Style Tree Grate manufactured by Urban Accessories. To be used with street trees along sidewalks.

Cost: Approximately \$1,200 each

CUSTOM GRANITE INLAY

Description: Custom granite inlays with public artwork will be provided along the sidewalks to highlight Rocklin's heritage and culture. Sandblast concrete could also be used as an alternative to concrete.

Cost: Custom Art (No Cost Estimate)

TRASH/RECYCLING RECEPTACLES

Description: Five-42 Ironsites trash receptacle manufactured by Victor Stanley. A trash receptacle and recycle receptacle should be used along the sidewalk, plazas, and pedestrian paseos at 150-foot intervals.

Cost: Approximately \$700 each

BENCH

Description: RB-28 6' Ribbon Series Bench manufactured by Victor Stanley. To be provided along sidewalks at 150-foot intervals.

Cost: Approximately \$850 each
